TRUCK CRUSHES  
STEEL BRIDGE;  
DRIVER IS FINED

The Baugher bridge in Menallen Twp. across Oppus Creek near Aspers was a twisted mass of wreckage today after a 30-ton tractor-trailer passed over the 58-foot steel frame structure — which had a weight limit of four tons.

State police, who investigated, estimated the loss at about \$16,000 — of which \$15,000 is the value of the bridge and \$1,000 the damage to the truck.

The police added that the driver of the vehicle, Ronald Bennett, 30, Cambridge, Md., was lucky. Passage of the huge vehicle over the steel bridge this morning caused it to start to buckle, but the tractor portion and much of the trailer had cleared the bridge before it collapsed into Oppus Creek.

## Driver Fined \$50

As the bridge buckled and fell, the frame caught the rear wheels of the trailer, and ripped them back about five feet. But by then the momentum of the vehicle had carried it beyond the bridge.

Bennett told police he was driving the vehicle, carrying a 58,000-load, to the Duffy-Mott plant at Aspers. Unfamiliar with the area, on his first trip here, Bennett said he saw a sign for Baugher's Nursery which listed Aspers as a mile away. Knowing that he was required to make a right turn and assuming he was on the right road to Aspers, he turned into the township route. He told police he found he could not turn his vehicle around and as a result "took a chance" on the bridge.

He paid a fine of \$50 and costs before Justice of the Peace Frederic E. Gries Jr. Flora Dale, for driving over the posted bridge, with the charge laid by state police following the accident.

The Adams county commissioners were examining the bridge this afternoon to determine plans for its replacement.

LUTHERANS END  
SYNOD SESSIONS  
AT LANCASTER

LANCASTER, Pa. — The Central Pennsylvania Synod of the United Lutheran Church in America has decided on having a full time director of Christian education.

The synod voted this action last night at the closing session of its annual three-day conference but left it up to the executive board to name the director at an unspecified time.

The new officer would aid in developing local leadership campaigns, direct conference and synodical programs of Christian education and provide staff services for synodical Luther Leagues and other boards and agencies.

## Approve Budgets

Delegates also approved a per capita gift figure of \$11.20 per communicating member for the next synodical year. They passed a resolution requesting the Board of Synodical Missions to study the question of exempting ministerial students from military service and approved a synod budget of \$1,745,675 for the next year.

The conference, before closing, also heard the names of a number of ordinates to the ministry. The men, their home towns and assignments:

Paul Frederick Bosch, Elma, N.Y., assistant pastor of St. Mark's congregation, Williamsport; William Franklin Gottwald, Gettysburg, missionary in Liberia; Carlton Roy Howells, Kulpmont, pastor of Calm Brook pastoral charge; Walter Robert Kurz, Harrisburg, chaplain in U.S. Air Force; John Edward Lillja, Rockport, Mass., pastor of Glade pastoral charge; Wayne Preston Lupolt, Gettysburg, Elyria pastoral charge; Dean Earl Rupe, Altoona, Center Hall pastoral charge; Howard Woodrow Smith, York Springs R.D., pastor of Barrons Franklin pastoral charge; Charles Allen Snyder Jr., Gettysburg, assistant pastor of Trinity congregation, Chambersburg; Robert Harry Trone, Gettysburg, instructor at Gettysburg College; Donald Baker Warner, Carlisle, pastor of Burnham-Alfar pastoral charge; Thomas J. Weber, Gettysburg, pastor of Lower Franklin pastoral charge; Luther E. Kistler, Lebanon, assistant pastor of St. John's congregation, Winter Park, Fla.

## Candidates Ordained

The following men were ordained but have not yet been assigned: E. Lawrence Bottiger, Gettysburg; Henry Richard Early, Annville; Jack Richard Gardner, New Oxford; Edward Curtis Harshbarger, West Chester; John Francis Lose, Sunbury; Ernest Gustav Werner, Bridgeton, N.J. The ministerium also named delegates-at-large for the biennial convention of the United Lutheran Church in America in Harrisburg.

McPherson To Take  
ICC Oath June 4th

Attorney Donald P. McPherson, now completing his second term as senator from the Adams-Franklin district, will be sworn in as a member of the Interstate Commerce Commission in the ICC building, Washington, June 4, it was announced today.

Senator McPherson was appointed to the post several months ago by President Eisenhower. The Senate confirmed the appointment short time later and the date for the swearing in ceremony was fixed Wednesday.

WILL HOLD OPEN  
HOUSE FRIDAY AT  
DAYCARE CENTER

Two old-fashioned rocking chairs and gleaming, unbreakable modern furniture highlight the new home of the Adams County Day Care Training Center in the former High St. school building.

An open house will be held at the school Friday from 9 a.m. until 3:30 p.m. and officials of the school are hopeful of a large crowd. Parents of the children are particularly urged to be present from 9 a.m. to 2:30 p.m. while the children go about their usual day's work at the school. From 2:30 to 3:30 p.m. slides of the work of the children will be shown.

Miss E. Elizabeth Rutledge, supervisor of special education for the county, explained that the old fashioned rocking chairs will remain with the new furnishings. When some of the retarded children are too mischievous they are sent to the rocking chairs. "And they remain quiet and peaceful for a long time. There is nothing that can replace the rocking chairs," said Miss Rutledge.

## Display School Work

Much of the work of the youngsters will be on display at the open house. The 15 attending currently have made baskets, painted lamp shades and lamps, and have done a creditable job in many other efforts. Methods of teaching letters and numbers will be displayed.

EXPECT 200 AT  
C - D MEETING  
NEXT MONDAY

County Civil Defense Director William G. Weaver today announced plans for a Civil Defense meeting Monday at 8 o'clock in the court house at which he hopes upward of 200 countants will be present.

The session Weaver said, is for all Civil Defense personnel, including the volunteers who man the Ground Observer Corps spotter stations throughout the country.

In addition to the GOC members, the Welfare services group under the Rev. W. R. Sammel, the county's auxiliary police, firemen and "all other Civil Defense personnel" are asked to attend the meeting.

## 500 To Take Oath

The session is being held, the Civil Defense Director said, "to acquaint all Civil Defense workers and officials with the new insurance program of Civil Defense which will provide coverage for any injury received by CD workers in the performance of their duties whether on drill or actual time of emergency."

Upwards of 500 Adams countants are scheduled to take the oath of allegiance and be enrolled for the insurance at a series of meetings to be held in the future.

Dr. Robert Fortenbaugh, vice chairman of the administrative committee, will give the invocation. Colonel Williams will introduce the speaker. The oath of office will be administered by Captain Charles L. Anderson for the Army, Captain E. H. Utley for the Marine Corps, and Major Karl C. Teufel for the Air Force. Donald Golden will serve as organist for the service.

VOTE DONATION  
TO SCHOOL FUND

A \$10 donation to the Scotland School fund and a report on poppy sales were the chief matters discussed at a meeting of the Veterans of Foreign Wars Wednesday evening at the Post Home.

Scotland School will receive the donation for a graduate from this area.

The Poppy committee has sold about 2,000 poppies and have ordered 1,000 more, it was announced.

Earl J. Richardson, 414 S. Washington St., and Scott H. Goetz Jr.; Waynesboro, were received into membership.

Athletic Officer John Buckley reported that horse shoe pits at the rear of the home will be completed soon.

Commander Raymond Strohm presided at the meeting. A Home Association meeting followed.

PAINTING CLASS TO  
DISPLAY ITS WORK

The third annual exhibition of oil paintings of the Biglerville adult painting class will be held tonight and Friday evening from 7 to 10 o'clock in the social room of St. Paul's Lutheran Church, Biglerville.

There are 84 paintings in the exhibit. Ernest Krappe is teacher of the class. Those exhibiting paintings include the following:

Fred Hawkebecker, Delores Bergdale, Jean Thomas, Pat Martin, H. W. Sternat, Robert Boyer, N. C. Thomas, Mary M. Sternat, Richard Trone, Mrs. George C. Routsong, Mrs. E. R. Steiner, Norma Taylor, Mildred McBeth, Michaela Pyle, D. A. Bosserman, Stanton Thomas, Anne Keet McGlynn, Betty Fidler, Vicki Taylor, Jean Thomas, Patricia Martin, E. R. Steiner.

The painting class was sponsored by the Adult Education program of the Upper Adams County Jointure.

## REPORT \$200 FIRE

A house pen at the home of Mrs. Dorothy Hartzell, near Beechertown, caught fire at about 6:30 o'clock Wednesday evening resulting in about \$200 damage, according to the report of the Arentsides Fire Company. No animals were housed in the pen at the time of the fire.

## LICENSED TO MARRY

A marriage license has been issued by the clerk of courts today to Donald Joseph Myers, son of Mr. and Mrs. Bernard J. Myers, Hanover, and Rita Ann Stormes, daughter of Mr. and Mrs. Meredith H. Stormes, also of Hanover.

## RESIGNS AS TEACHER

Mrs. Joanne Grim, East Berlin, second grade teacher at the York New Salem elementary school for the last two years, resigned at a meeting of the Spring Grove Joint

Services On Sunday  
At Heidersburg

Memorial Day services will be held at the Heidersburg Cemetery on Sunday at 2 p.m. when the speaker will be the Rev. Dr. Henry W. Sternat of Biglerville.

Music will be furnished by Dale Roth and Lincoln's Gettysburg Address and in Flanders Field will be read. The Rev. Arla Dorsey and the Rev. Jack Gardner will take part in the service.

GEN. WEIKERT  
TO BE COLLEGE  
ROTC SPEAKER

GROWERS DELAY  
ESTIMATES ON  
FROST DAMAGE

Adams County Fruit Growers at their May meeting Wednesday evening at Biglerville agreed it is too early to fix the amount of frost damage to the 1956 fruit crop but said there is evidence of some loss to cherries, apples and peaches.

Reports ranged from "heavy damage" to "none at all" and most fruitmen agreed the damage by the freezing temperatures had resulted in "spotty" losses in the orchards. The exact extent of the loss will not be known until June or July, they said.

# GOVERNOR SAYS 'PIKE ECONOMY MAY RULE OUT ROAD TOLL HIKE

By BOB HOLTON

HARRISBURG (AP)—Gov. Leader said today economy in Pennsylvania Turnpike operation may result in saving millions of dollars and rule out a proposed toll hike on the superhighway.

"The engineering study we plan to make might well indicate savings and the increase might not be needed," Leader told his weekly news conference.

At the same time the governor expressed confidence that a proposed engineering study of the turnpike operations could be completed in a month.

## Under Democratic Control

Yesterday the commission came under control of a Democratic voting majority which brought a postponement of a 41 per cent hike in automobile tolls scheduled to go into effect tomorrow on the 408-mile highway.

Asked by newsmen why he had approved the proposed rate revision prior to its approval by the commission two weeks ago, Leader replied:

"I told the commission months ago when this matter came up that I would back it (the commission) on whatever position they find it necessary to take."

## Can Be Avoided

"However, with reservations — meaning that they bring in an industrial engineering firm to make a study regarding efficiency and reduction of cost."

He said his position from the beginning was that "there ought to be some way to avoid this."

Leader said he was under the impression from the start that the proposed toll hike, which also would lower truck rates 20 per cent, would not go into effect until July 15.

"Somewhere there was a slip and May 25 was set as the date for the installation of the new rates," Leader said. "This date (May 25) wouldn't have given us enough time."

## Denies McSorley Rumor

Asked for the second time in two weeks about reports that he intends replacing G. Franklin McSorley as commission chairman, Leader told newsmen:

"There has been no proposal, discussion or suggestion of this."

The governor explained that McSorley was named chairman on a temporary basis with the idea that U.S. Rep. William J. Green, Philadelphia, would take over the leadership when confirmed by the Senate.

Green was not given Senate confirmation to the commission and withdrew.

## Awaits Court Ruling

The governor said he has no intention of naming anyone to fill a fifth vacancy now existing on the commission until the State Supreme Court rules on the legality of his (Leader's) dismissal of David E. Watson from the agency.

"I don't feel it is fair to appoint someone to what might be a short term of office," Leader said.

Watson has appealed to the high court against Leader's right to dismiss him.

"The Justice Department assures me the law is very clear and we have the right to change commissioners, however, the court has the final say," he added.

## Bonds Are Okay

Asked about what affect the present turnpike discussions might have on bondholders of the organization, Leader said:

"The turnpike bonds are just as good now as they have ever been and they will get better."

On the same subject, Leader said he wouldn't deny that construction of the northeastern extension of the toll road had some political inspirations.

"I think it was politically inspired to some extent," he said. "But I do believe it will pay off for itself."

He said the proposed 20 per cent in truck tolls would help to halt the decline in travel on the road by these vehicles.

## Would Sign Law

Last year, he said, the new law increasing the truck weight limits in Pennsylvania increased the fares for many types of trucks.

He said the new schedule, if put into effect, might help to reduce that increase imposed when the law was signed.

He added he will sign a bill soon to drop the maximum truck speed limits to 50 miles on four lane roads and 40 miles per hour on roads of lesser lanes.

He expressed hope that this move would bring some of the truckers back to using the turnpike.

## Last Rites Held For George Bock

Funeral services were held this afternoon at 2 o'clock from the Bender Funeral Home for George C. Bock, manager of the Gettysburg College Book Store, who died suddenly at his apartment at 116 York St. Sunday evening. The Rev. Edwerth E. Korte, college chaplain, officiated. Interment was in Evergreen Cemetery.

Pallbearers were Max T. Leonard, Lester O. Johnson, James D. Pickering, Ralph D. Lindeman, Richard B. Geyer and Earl E. Ziegler.

### Engagement

Ervin—Stache

The members of the adult choir of the Presbyterian Church were entertained by the members of the Church Session Wednesday evening at a dinner at Bucher's restaurant in Bendersville. Alfred O. Siegel, Summit, N. J., a Gettysburg College senior member of the choir who will enter Princeton seminary in the fall, was presented with a gift by Phillip McGuire, organist and choir director, in behalf of the choir.

The G. C. Murphy Company's annual picnic for the employees of its Gettysburg store was held Wednesday evening at Marsh Creek Heights. There were 104 persons present including employees, their families and friends. There were games including softball, badminton, races and boating. Paul E. Wakefield, manager, was in charge of arrangements.

Mr. Glenn L. Bream, W. Broadaway, spent Wednesday in Philadelphia with her daughter, Miss Gwen Bream. The latter is a member of the Senior class at Ursinus College, Collegeville.

A family covered dish supper was held by Brownie Troop 44 Wednesday evening at 6:30 o'clock in the dining room of St. James Lutheran Church. There were 68 members of the troop, leaders, committee mothers and guests in attendance.

A spring-like theme was carried out in table decorations which featured mixed flowers, bird houses and bird nests formed with ivy and jelly beans. Favors were miniature wheelbarrows filled with mints.

The girls opened the program with a "Hello Song" and by singing the grace. A flag ceremony was conducted by Kay Dick, Linda Deitch, Carolyn Caldwell and Janice Crow. Mrs. Clarence Bartholomew led the girls in group singing. Mr. Bartholomew and daughter, Carol, sang a duet. A play was presented and short talks were given by several of the parents.

The affair closed with group recitation of "The Lord's Prayer." Mrs. Arthur Phiel, leader, was assisted by members of the troop committee and mothers.

The Nurses' aide banquet previously scheduled for this evening at The Willows has been postponed until a later date.

Rev. and Mrs. J. Earl Reed and son, Bobby, Glassport, were recent visitors at the home of Mr. and Mrs. Adam Whisler, R. 4. Rev. Mr. Reed, a nephew of Mrs. Whisler, is recuperating from a serious operation.

Deborah Kay Miller, infant daughter of Mr. and Mrs. Elwood Miller, R. 4, has been discharged from St. Christopher's Hospital, Philadelphia, where she underwent a major operation three weeks ago, when only two days old. The baby, who was accompanied to Gettysburg by her parents, is reported in a satisfactory condition.

was set at \$487,737 or \$10.05 per member. However, added to that was an additional 50 cents per member, 25 cents per member toward establishment of a Lutheran synodical camp and 25 cents for the new director's salary and office expenses.

Appointment of the new director will be made by the executive committee after consultation with the committee on mission, stewardship and evangelism, it was decided.

A motion to increase the number of delegates for churches by one for each 300 members above 300 was defeated.

The largest crowd in the history of the synod was present for ordination services for six young graduates of the local seminary Wednesday night.

Included in that group were 50 members of the 150-member St. Paul's Church at Mt. Winans' Baltimore. The group had come to see their new minister ordained.

Those ordained were Rev. Carey A. Moore Jr., Baltimore, who becomes pastor of St. Paul's, Mt. Winans' Baltimore, June 1.

**Others Ordained**

Others ordained and their new posts as of June 1 were Rev. Donald P. Sause, Hanover, assistant pastor of Epiphany, Baltimore; Rev. Carl J. Frederick, Lititz, assistant pastor of St. John's, Hagerstown; Rev. Eugene A. Gardner, Hagerstown, assistant pastor of Evangelical Lutheran, Waynesboro; Rev. Herbert W. Jones, Woodlawn, Md., pastor, Sharpsburg Parish; Rev. Henry K. Brown, Silver Springs, pastor of Woodbine Parish.

Rev. Dr. Franklin Clark Fry, president of the United Lutheran Church in America, who spoke at the ordination service told the assembly: "You should become germ carriers of the gospel. Do we feel that Christianity is a tired old religion? At least we seem to act as if we so believed. In Russia I saw Communist teachers who were radiant, dedicated in their faith. To them Communism was a fresh, vital religion. We must be infected with a genuine Christianity, a fresh new faith, one to which we are equally dedicated."

**NEW CHARGES  
AGAINST EYLER**

James H. Eyler, Woodsboro, Md., serving a 25-day sentence in the Adams County jail for three motor vehicle code violations, was charged with larceny and receiving stolen goods by borough police Wednesday.

Eyler, who was arraigned before Justice of the Peace Robert P. Snyder, was recommitted to jail and will be given a hearing at a later date.

Police investigated a charge of writing fraudulent checks May 15 when George Wilhite, of the Farmer's State Bank, Emmitsburg, told local police he had received two checks signed by Eyler and drawn on Hanover bank. One check was for \$17 and the other for \$47. Both checks, written to the order of Donald Rice, allegedly a relative of Eyler living at Hanover R. 3 or 4, were said to be worthless.

Police also received information of other bad checks alleged to have been written by Eyler and cashed locally. No charges were pressed at that time because Eyler had restored the amount of the checks.

Eyler was jailed May 3 on charges of reckless driving on Steinwehr Ave., failing to comply with the order of a police officer and possessing an improper motor vehicle registration. He pleaded guilty to all three counts and was fined \$35 and costs. In default he was committed to the county jail for 25 days.

## Littlestown

**STREET REPAIR WORK, TRAFFIC PROBLEMS ARE BEFORE COUNCIL**

Street conditions and traffic hazards and the correction thereof occupied much of the time of the members of the Littlestown Borough Council at their May meeting Tuesday evening in the office of Borough Secretary Roger J. Keefer with President Lewis H. Fox president.

First subject up at the one and a half hour session was the bad condition of street surfaces in many parts of the town and Council ordered that the street commissioner be notified to make the necessary repairs. Those specifically mentioned at the council session included the alley at the Ginter property on E. King St., the water table at the Stansbury property on E. King St., Boyer, Charles and Cemetery Sts. Several sidewalk conditions also were reported and the persons responsible are to be notified to make repairs.

Loose stone washing into an alley from the VFW lot and from the Reaver property on E. King St. were reported and the owners are to be notified to correct these conditions.

## Wants Stop Sign

Burgess Roscoe Rittase told council that several accidents and other near-accidents had occurred at the intersection of Walnut and Lumber Sts. and that he felt a stop sign on Walnut St. before entering Lumber St. would be a step toward preventing future accidents. Informed that Lumber St. is designated as a through street, the burgess directed the borough secretary to notify the street commissioner to erect a sign.

A request was received from the Littlestown Hardware and Foundry Co. that consideration be given to placing a time limit on parking across the street from the foundry office. In the discussion that followed it was brought out that Charles St. is unusually narrow and an ordinance prohibits parking on its northwest side. Council held that to allow parking would be to create a traffic hazard.

The burgess also brought to council's attention a traffic hazard at the intersection of Newark St. and N. Queen St. and he suggested that a blinker or stop light would improve conditions. It was decided to take the matter up with the State Highway department since N. Queen St. is on a main highway.

## Order New Chlorinators

Secretary Keefer informed council that he had purchased white plastic blocks for the crosswalks at Center Square. Council voted to give the blocks an experimental test and if satisfactory more will be

secured for other crosswalks in the town.

President Fox reported to council that the local garbage collector, Joseph Shadle, had told him that \$100 was not sufficient pay for removing rubbish during Clean Up Week. After some discussion it was moved that Shadle be paid \$100 and that if the check is refused the town will "keep said check."

Secretary Keefer told council that considerable trouble has been experienced with diversion valves on two water chlorinators at the S. Queen and Lumber Sts. pumping stations. Council voted to have Wallace and Tiernan, Inc., install a new type of chlorinators there, similar to that already in use at the quarry pumping station.

Water permits were issued to Elwood W. Harner, 110 Cemetery St., and to Charles W. Morehead Jr., Littlestown R. 2, permits for repairs or improvements were issued to the following: Harry W. Lynch, 37 N. Queen St.; Joseph H. Yingling, 69 N. Queen; Calvin Taylor, 23 Carroll St.; William V. Sneedinger, N. Queen, Newark and Prince Sts.; Charles M. Morehead Jr., 436 Prince St.; Elwood Harner, E. King; Charles C. Miller, N. Queen, and Lloyd R. Humbert, 417 E. King St.

Prof. Paul King was given permission to remove dug-outs from the school playground and the borough will furnish earth to fill the holes.

Council accepted an invitation to take part in the Memorial parade Saturday evening. Bills were examined and approved for payment from the borough fund, the water fund and the sanitary sewer fund.

Treasurer John Plickinger reported \$100 in fines from Justice of the Peace Loy F. Lindeman and \$226.85 from admission tax at the Towne Theater. The burgess collected fines of \$32.

**PENNSY DEMS NOT COMMITTED TO CANDIDATE**

HARRISBURG (AP)—The Pennsylvania Democratic delegation will go to Chicago next August formally uncommitted to any presidential candidate.

The 148-member group passed up the opportunity yesterday to endorse Adlai Stevenson for the Democratic nomination. But Democratic leaders, nevertheless, put in a solid plug for him.

The failure to bring up a pro-Stevenson resolution was in sharp contrast to a flower endorsement of the 1952 Democratic standard-bearer by the Democratic Policy Committee last February.

Gov. Leader, elected chairman at the delegation's organization meeting, said he had "no desire to dominate it or coerce it whatsoever."

## Stevenson Targeted

"It will be a matter for us at Chicago to choose a candidate who will stand for the principles of our platform and who has the intestinal fortitude and intellect to carry them out," Leader declared. He drew loud applause from the delegation in expressing his belief that Stevenson would fulfill that role.

The delegation—each member with a half vote—will meet next at Chicago on the eve of the opening of the Democratic national convention Aug. 13.

There was speculation that the failure to formally endorse Stevenson was because delegates may want to be in position for a last-minute switch to Sen. Estes Kefauver of Tennessee, Gov. Averell Harriman of New York or some other darkhorse candidate.

## Fund-Raising Dinner

The all-day schedule of events was climaxed last night by a \$100-a-plate fund-raising dinner at the Farm Show Building. In the principal address, Sen. Albert M. Gore (D-Tenn.) touched on national issues.

At the re-organization meeting, Sen. Joseph M. Barr (D-Allegheny) was re-elected state chairman.

## Honorary Degrees

Others unopposed and re-elected were Mrs. Louise M. John, West Chester, vice chairman; Miss Genevieve Blatt, secretary of internal affairs, secretary; J. Warren Mickie, Harrisburg, treasurer, and Mayor David L. Lawrence of Pittsburgh, and Mrs. Emma Guffey Miller, Slippery Rock, members of the national committee.

U.S. Sen. James H. Duff, GOP candidate for re-election, came in for criticism during speechmaking at the session.

## Notes Duff's Record

Former Mayor Joseph S. Clark Jr., of Philadelphia, the Democratic candidate for senator, said Duff has a record of absenteeism in the Senate and "has not represented all of the people of the commonwealth."

"He has represented a single interest only," Clark declared, "the interest of big business."

In commenting on the defeat suffered by the Duff Republican faction at Philadelphia last week, Leader said the senator "now sits alone and sulks in his tent, rejected by his own party as irreversibly as he will be rejected by the voters."

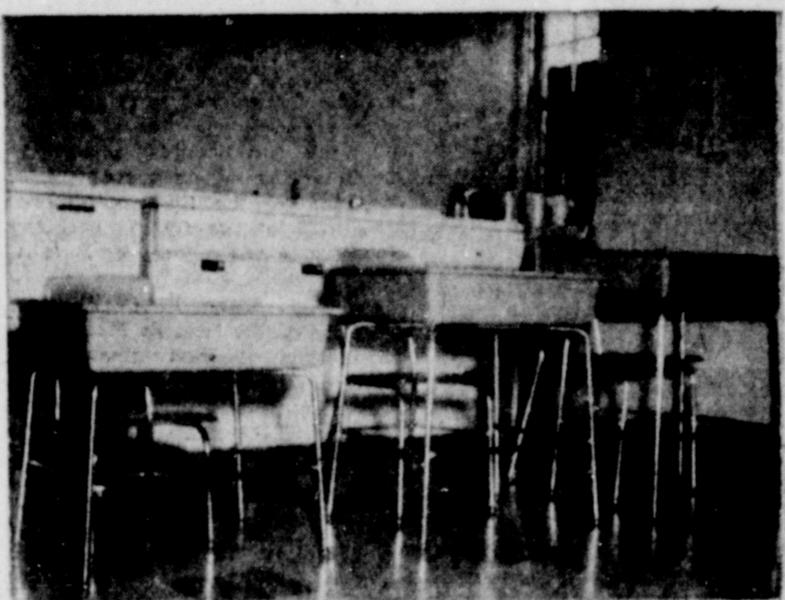

The Republican State Committee selected George I. Bloom, assistant to Sen. Edward Martin (R-Pa.), as GOP state chairman. Duff and the statewide candidates in November backed Henry Lark, Sunbury, for the post.

U.S. Sen. James H. Duff, GOP candidate for re-election, came in for criticism during speechmaking at the session.

## Honorary Degrees

Honorary LL.D. degrees will be conferred on Msgr. Garvey, Mr. Whittle, Brother Gabriel Cecilian, principal of Calvert Hall College, Baltimore, and the Rev. Francis A. McGinley, pastor of St. Thomas Aquinas Parish, Archdale, Pa., and the Rt. Rev. Msgr. Edward G. Murphy, pastor of St. Joseph's Church, Roselle, N. J.

The valadictory address for the class of 1956 will be delivered by Joseph P. Metzger, North Miami, Florida, president of the Student Council. Robert A. Seidel, Emmitsburg, will deliver the salutatory address.

Following the exercises a buffet luncheon for the guests of the graduates will be held in Bradley Hall. At the same time the annual Alumni banquet will take place in McCaffrey Hall with Thomas P. O'Brien, president of the National Alumni Association, presiding.

cides and miticides led to a conclusion that some materials that work well in some states do not work as well as in Adams County. Dr. Fred Lewis of the Arendtsville Fruit Research Laboratory noted: "In the cooler climates of the northeast, for example, fermates give better results than they do here."

Dr. R. S. Kirby, Pennsylvania State University specialist, warned growers to "wait and see how much of a crop you have. Don't figure that an orchard is gone by what you see now. You may be fooled. And with fungicides there is no going back. The fungicide sprays are put on for protection. If you miss one you will have damage, you cannot make up for its loss." He also added that powdery mildew, which became a major problem for growers last year, is building up. It is

possible that we may have the greatest outbreak this year in Pennsylvania's history. Now is the time to fight mildew."

Pepper warned that the cold weather so far is going to cause "a lot of russetting in apples." Kirby and Pepper both showed slides of insects and fungus growths that cause damage to fruit and outlined the expected spray schedules that will be sent out to provide information concerning methods of combatting the diseases and insects.

## THE FASHION

What a strange thing is this custom of fashion! Who creates fashion — and why? Is it just to add to the gaiety of life so as not to allow us to get into a social rut? Is there a social or a commercial side to it all?

Change is ever all about us and it is no wonder that fashions, all down the line of life and action, should become quite important indeed. They are important to women anyway. For many years our automobiles were mostly open, with no closed body. Then they went mostly to one color, black. Now note what we have — a riot of color, and many beautiful designs.

I note that women's eyeglasses are getting more ornate and fashionable just to wear, regardless of whether needed or not. Some look more like show pieces than something fitted to the eyes to improve sight!

There is a fashion in the printing of books, and their sale. In my boyhood I can recall no books with the colorful designs that now decorate our best selling ones. Perhaps more than being fashionable, these artistic book jackets are to attract the eye and do a selling job!

It is strange how some people cannot get used to living comfortably without being in the latest fashion as to a home, a car, clothes, or some invented manner of speech like "Goodby now" or "Period." As to ideas, however, I confess I like many of the ones that were familiar in my youth. It will never be old-fashioned to be kind and generous and thoughtful toward others. And honesty will forever remain as the best policy.

Utility, convenience and comfort are manifest now in all the great business blocks going up in our largest cities. Box type, and flooded with light. And air conditioned. What are to be our newer machines for the home and office? We can only speculate upon what the fuel for our homes and office is going to be, perhaps in the next decade.

## WEDDING

A wedding takes a gracious hour With music gay:

The altar reeked with many a flower  
And friends to pray.

The bride in gown and train is dressed,

And fair to see.

The groom's attire is newly pressed—

As it should be.

The bridesmaids, carrying bouquets,

In pink arrayed,

March as the organ's master plays;

Matron and maid.

The ushers, garbed in proper style,

With many charms,

Offer the ladies young right arms To walk the aisle.

The father, when he gives away The blushing bride,

Has done his duty for the day.

He steps aside,

Wipes from his cheeks a falling tear,

Scarce hears it said:

"Dearly beloved, we are here This pair to wed."

The parson reads the ritual through And it appears

The women folk in every pew Are shedding tears,

The ring, the prayer, the row for life

Through weal and woe;

"I now pronounce you man and wife!"

## BENSON ASKS FOR ANALYSIS OF FARM BILL

BY OVID A. MARTIN

WASHINGTON (AP) — Secretary Benson today asked Agriculture Department lawyers for a detailed analysis of the new farm bill.

He asked for a legal outline of changes in the 1956 farm program which he would be required to make and changes which he would have discretionary power to make under the farm bill on which the House completed congressional action yesterday.

Department officials declined to predict whether President Eisenhower would sign the measure. But Benson's action was taken as a clear indication that the department expects the President to approve it. Elsewhere Eisenhower's signature was taken for granted.

Questions which officials said the legislation raises include one as to whether the department is required to offer soil bank payments for the retirement of corn, wheat, cotton, tobacco, rice and peanut land already planted or intended for planting this crop year.

## Major Feature

A major feature of the new bill is a soil bank program under which farmers would be offered up to \$1,000,000 a year to retire crop land from production until present price-depressing crop surpluses are reduced.

From a practical standpoint, department officials said there appeared to be little use in offering soil bank payments for this year's crops because of the lateness of the season. They expressed belief that most farmers would have already completed planting operations by the time the department could determine payment rates and issue regulations and instructions to field workers.

Meanwhile, the department's Agricultural Marketing Service reported that farm prices — a generally accepted weather-vane of agricultural welfare — strengthened further during the last two weeks of April and the first half of May.

In its last general farm price report issued late in April, this service said the level of farm prices in mid-April was 4 per cent above that of last December. Exact amount of the increase since mid-April will be determined in a new price survey report to be issued a week from today.

Commodities which were said to have shown the largest increases were cattle, hogs, soybeans, potatoes, chickens, eggs and feed grains.

## FRIEND AND LONG BEST "COMBO" IN NATIONAL LOOP

By ED WILKS

The Associated Press

Want to take a stab at naming the best pitcher-hitter combination in the National League at the moment? Newcombe and Snider? Mizell and Repulski? Spahn and Antonelli? Antonelli and May?

Nice try, pal. But it's Pittsburgh that has 'em, with Bob Friend piling up seven victories and seven complete games and Dale Long belting the ball at a .409 clip. They've got the Pirates so close to first place it looks like a typographical error.

Last night Friend, a 25-year-old right-hander, hung up his first shutout of the season with a neat six-singles job that beat the St. Louis Cardinals 6-0.

Long Takes RBI Lead

Long, at 30 the oldest of the Pirate regulars, kept up his end with a 436-foot-plus home run — giving him the NL's runs-batted-in lead with 32 and tying Cincinnati's Wally Post for the Homer lead with 11 — as the Bucs moved within 1½ games of the lead and a mere half game behind fourth-place Brooklyn.

The Pirates have won four of their last five in the present drive — and Friend has claimed two of the victories (against first-place Milwaukee and second-place St. Louis) while Long has homered in all five and has driven in 14 runs.

Rain stopped Milwaukee at Brooklyn and Cincinnati at New York. In the only other NL game played, Chicago's Cubs beat Philadelphia 5-4 on eight-inning homers by Monte Irvin and Harry Chiti.

Yankees Hold Lead

In the American, the New York Yankees kept their 2½-game lead by bashing Detroit 13-5. Cleveland held the pace, defeating Boston 6-3 as Herb Score won his fifth. The Chicago White Sox beat Baltimore 3-2. And Kansas City, scoring the winning run on a wild pitch, outlasted Washington 7-6 in 17 innings.

The Bucs had to overhaul a 4-1 Phil lead to break a three-game slump. Irvin's homer tied it and Chiti's won it as Harvey Haddix lost his second.

The Yanks battered loser Billy Hoeft for five runs in the second, then sewed it up off Detroit bonus baby Jim Brady as Hank Bauer hit a three-run homer to get a six-run sixth under way. Tommy Byrne won his second in relief.

Senators in Celar

Two singles, two walks and Jim Busby's double off previously unbeaten Frank Sullivan in the sixth scored the two runs Cleveland needed to edge Boston for the first time this season.

The White Sox-Orioles game also had some charity pitching. Reliever Ray Moore walked the final two Chicago runs home and winner Jack Harshman forced the first Oriole run home with a walk.

Camillo Pascual uncorked the wild pitch with the bases loaded in the 17th at Kansas City as the A's climbed out of the cellar and dropped the Senators in. Washington scored in the top of the 17th, but Jim Flanagan homered and evened it at 6-6 to get Kansas City started in the winning frame.

### HAROLD CARTER DECISIONED BY J. SUMMERLIN

**BLACKSBURG, Va. (AP)** — Billy Cranwell of Virginia Tech may be the finest football quarterback in the South next autumn.

That's the opinion of Vito (Babe) Parilli, the former University of Kentucky quarterback who now plays with the Cleveland Browns.

"Cranwell has the ability," says Parilli, who coached the Tech quarterbacks in spring drills. "He can run and throw, and he can call plays exceptionally well. Above all, he's a hard worker and is constantly striving for perfection."

There is absolutely no comparison between the Cranwell of 1954 and the Cranwell of 1956. He has made tremendous improvement in every phase of the game."

Cranwell is a 6 foot junior from Richlands, Va.

### SOFTBALL ADDS HESS ANTIQUES; STARTS MONDAY

Hess Antiques was admitted as the sixth member of the Gettysburg Softball League to complete the league's setup at a meeting of team representatives and officers Wednesday evening at the Moose Home.

It was decided to revise the schedule which will include making up games which were originally listed for this week.

The season will get underway next Monday evening with a double-header. No games will be played Tuesday or Wednesday evenings due to the Memorial Day holiday.

**GAMES NEXT WEEK**

Games listed for next week include: Monday, Moose vs. Elks, 7 p.m.; and Hess Antiques vs. Eagles; Thursday, Elks vs. Sporting Goods, 8 p.m.; Friday, VFW vs. Elks, 7 p.m.; and Moose vs. Eagles.

League personnel will assist in operating the concession stand until the middle of June when Mrs. Floyd King will resume her duties.

President Johnny Grinder presided at the meeting at which all teams were represented with the exception of the Sporting Goods.

MEETING CANCELLED

The scheduled meeting of the Adams County Scholastic League Wednesday evening at Biglerville was called off when representatives of but three schools appeared. The meeting is not expected to be rescheduled due to the lack of important business.

WILL ADDRESS BUBBLERS

Bob Davies, Gettysburg College basketball coach, will be the speaker at the sports banquet this evening at 6:30 o'clock for the boys' and girls' athletic teams of Bolling Springs High School. The banquet will be held in the school cafeteria.

HITTING — Monte Irvin, Cubs, drove in two runs with a double and homered in four trips in a late rally to beat the Phillies 5-4.

**Horst To Get  
Top AG Office**

**WASHINGTON (AP)** — Sen. Duff (R-Pa.) says an appointment to a top position with the Agriculture Department will be given "very soon" to Miles Horst, former Pennsylvania secretary of agriculture and until recently chairman of the Republican State Committee.

Duff said yesterday that he had been discussing this with authorities here for several weeks and was advised there would be a "top place in the Agriculture Department." Horst, "I am now assured such an appointment will be forthcoming very soon."

Duff did not indicate the exact nature of the position.

**BACHELOR PLOT**

**AURORA, Ill. (AP)** — Miss Mary Rheinhart, 29, bachelor girl school teacher, was elected mayor for a day from among 70 candidates. It was the result of a leap year movement to "get the bachelors" Men that is.

### Ben Hogan And 152 In Dallas Tourney

**DALLAS (AP)** — A field comparable to that of the National Open moved out today in the first round of the \$30,000 Dallas Centennial Golf Tournament with Ben Hogan most prominently mentioned among a score of favorites.

Ray O'Brien, PGA tournament supervisor, pronounced the field of 153 the strongest for a tournament on the tour in years and declared it would compare with the field in any National Open. Only Sam Snead of the big name players is missing and Snead will be here next week for the Texas International.

As it is, Summerlin's handlers are bellowing for "anyone — just anyone who thinks he can whip us."

The 24-year-old Detroit heavyweight used a strong start and a furious finish last night to take a unanimous, 10-round decision from seventh-ranked Harold Carter. His handlers hope the victory will be a springboard to a crack at the crown left vacant when Rocky Marciano retired.

**Want Another Try**

The nationally-television scrap at Detroit's Olympia was a big opportunity for both fighters. The favored Summerlin, who weighed 194½, was the stronger puncher and built up an early margin to coast to the victory.

Carter, who took the bout on just five days notice and had only 10 rounds of boxing, was surprisingly strong in the late going and kept Summerlin off balance. His co-manager, Gene Holmes, said the short notice "kept Hal from being sharp. We'd like another try at Summerlin."

**HARD LUCK TED  
TO BE OUT OF  
LINEUP LONGER**

**BOSTON (AP)** — Hard-luck Ted Williams' potent bat has been all but silenced for five weeks now by an injury which started as nothing more than a sore instep.

The Red Sox have had five specialists on the Williams case but there's still no indication of when he'll return to the lineup.

"Ted's just the same as when we left," Manager Mike Higgins said last night when the team arrived from Cleveland and a 12-game road trip.

"It's just a day-to-day thing as far as I know," he added. "He's said it feels a little better but it's still not good enough to play."

Ted got a chipped elbow in the 1950 All-Star Game, a broken collarbone in '54 spring training and was out a month and a half last year due to personal problems. He has played only in the first two games so far in '56. Since that time he's had 12 at bats with two hits. He's walked twice.

**Healing Very Slow**

After that second game Williams fell off a wooden shower slipper and got what appeared to be a bruised instep. It developed later he had hemotoma, defined as "a tumor or swelling containing blood."

The spot of the injury was at a juncture of many blood vessels and hemorrhaging occurred. It's also at a point where the full body weight falls in walking or running and the healing has been imperceptibly slow.

For a third year in a row the injury may cost Ted a chance at the American League batting crown, which requires 400 at bats.

**DOGS**

By Farley Manning  
CARRIAGE

Among show dogs ear carriage is extremely important in the standard of points laid down for every breed. It is particularly important for those breeds whose members should carry their ears erect, semi-erect, or (like a bulldog) in the peculiar attitude called "rose."

The Eleventh grade history class and selected representatives from the junior high science classes are touring the Potomac Edison power plant in Williamsport, Md. today.

Eight graders will go on a sightseeing jaunt to Washington Friday accompanied by Mrs. Ethel Welker and Richard Porterfield. The group will visit the Smithsonian Institution, the Franciscan Monastery and the Bureau of Engraving.

Eleventh grade physics class and selected representatives from the junior high science classes are touring the Potomac Edison power plant in Williamsport, Md. today.

The driver education course was completed and license issued to the following persons: Shirley Wantz, Robert Flitz, Wilmer Barnes, Helen Humbert, Joan Davidson, and Sandra Koons.

Key Club members heard an address by Samuel Breth, district manager of the Potomac Edison Company, at a recent meeting. Members will attend a swimming party and picnic next Wednesday evening.

Correct ear carriage is "bred into" any well-bred dog, but however correct the breed-in potential, many ears will not finish correctly unless the dog and its ears receive special care. The tips of a Collie's ears may be lightly weighted, for example, to train them into position, or a Fox Terrier's ears taped until the correct fold is permanently attained. Some unscrupulous persons have been known to use surgery to cause such a terrier's ear to fold as it should. Discovery by a judge of such tampering disqualifies the dog in the show ring.

Whatever its breeding, no dog's ears will be held correctly if the ear cartilage has not been correctly nourished. Too much of certain ingredients in a dog's diet tend to make the ears excessively stiff; too little leave them "dead" — lifeless and limp.

**DOGS GET MICE**

**ST. LOUIS (AP)** — The right kind of dog has all over a cat as mouse killer, in the opinion of Dr. William F. Irwin, a veterinarian of Tulsa, Okla.

"A good fox terrier will kill 20 rats or mice while a cat is catching and playing with one," he told a veterinarian convention here.

Irwin's acceptance of the invitation to Peiping follows last week's announcement that Egypt and Communist China will establish diplomatic relations. Egypt is the first Arab state to recognize the Peiping regime.

Nasser also has a trip to Moscow in the offing.

## Taneytown

NEW JAYCEES  
GAIN CHARTER

The newly organized Taneytown Junior Chamber of Commerce received their charter recently at a charter night dinner at the Taney Inn. The organization was the 4,633rd such group to receive their charter.

Mrs. S. Norman Holland Jr., president of the Maryland Jaycees, presented the charter to President Edward Sauble. He stressed that the association could be a most valuable asset to the community. Each member received a pin and a membership card from President Sauble.

A gavel and a sound block were presented to Sauble from the Westminster group who helped Taneytown to organize.

Donald Weller of the Westminster Jaycees received a founder's plaque from Holland for inspiring Taneytown to form a Jaycee unit. Richard Chendanel, also of Westminster, received an extension pin for his efforts in the organization.

## Cannon Is Speaker

Main speaker for the evening was Samuel Cannon, a state vice president of District Four and an outstanding Jaycee. Cannon emphasized the importance of the Jaycees and their projects.

Gerard S. Myers, of the Toastmasters Club of Washington and the Washington Jaycees, was the toastmaster. Paul Weatherwood of Westminster, gave the invocation.

The meeting closed with the Jaycee Creed. Dinner music was furnished by Delmar Riffle at the Hammond organ. Following the dinner, the group was invited to the Legion Home for an evening of dancing.

The Taneytown Jaycees will meet Monday evening at Sharer's Restaurant at 6:30 o'clock.

## Participates In Army Celebration

Pvt. Donald E. Keefer, 23, son of Arthur Keefer, R. 5, recently participated with the 1st Infantry Division in the 75th anniversary celebration of the Army's Command and General Staff College at Fort Leavenworth, Kan.

The college, a school of high military education for officers, was honored by the "Big Red One" division with a series of parades and artillery salutes.

Keefer, assigned to the 3d Battalion Headquarters Company of the division's 16th Regiment, is regularly stationed at Fort Riley, Kan. He entered the Army in 1949.

Keefer attended Gettysburg High School.

## SPANISH FOR MEXICO

MEXICO CITY (AP) — The government is studying plans to teach Spanish to 3,000,000 Mexican Indians who apparently don't realize Spain moved in on Mexico four centuries ago.

An estimated 3,000,000 Indians still speak one of 55 native dialects and don't know a word of Spanish, Mexico's national tongue. Most of them live in the southern jungles of Mexico's tropics.

## TIME FOR CHANGE

PIERRE, S. D. (AP) — A woman walked into the Daily Capital Journal and ordered four copies of the newspaper. Then she took off an overshoe and shoe to obtain a quarter to pay for them. She put a nickel change in her shoe, replaced the galosh, picked up her papers and walked out.

## DELAYED HONEYMOON

OKLAHOMA CITY (AP) — Robert Lee Boyette, 36-year-old bridegroom, may have a long wait before going on a honeymoon. He was married while in the Oklahoma County jail, and then was handed a 15-year prison sentence for burglary, second offense.

## TV EDUCATION

EAST LANSING, Mich. (AP) — Michigan State University, originator of Michigan's first educational television station, is conducting experiments with closed-circuit TV as a teaching medium.

Nearly 500 students, most of them in science courses, attend class at least part of the time by sitting before a TV monitor in classrooms while an instructor presents their study material in the building's auditorium.

## URGE 3-YEAR EXTENSION OF GI LOAN PLAN

By JOE HALL

WASHINGTON (AP) — A three-year extension of the GI home loan program was proposed to the Senate today as an amendment to the multi-billion-dollar omnibus housing bill.

Sen. Lehman (D-N.Y.) said he planned to sponsor the extension along with Senators Hill (D-Ala) and Sparkman (D-Ala). He made the surprise announcement as the Senate prepared to take up the housing bill, which would increase Federal Housing Administration loan insurance authority, continue public housing development and provide special low-cost housing for elderly persons.

The GI loan program now is scheduled to expire for most veterans on July 25, 1957, but its extension has been urged by home builder and real estate groups and by veterans organizations. They have contended action must be taken this year to prevent a big slowdown in home building.

\$4,260,000 Loans

Lehman said his proposed amendment would apply to both the loan guarantee and the direct loan programs operated by the Veterans Administration.

As of the end of 1955, the VA estimated it had underwritten 4,260,000 GI home loans with a total principal of about \$3 billion dollars. About one in every five loans had been paid off in full, it said.

Except for the GI loan extension, Sparkman said he expects the measure to be passed by the Senate in about the same form approved by the Senate Banking Committee. Sparkman, floor manager for the bill, said he thought one day of debate would be sufficient.

Not Too Hopeful

The principal fight is expected to be made over public housing. The committee recommended authorization for about 135,000 new units of public housing each year. President Eisenhower asked a program limited to 35,000 units a year for two years.

Sen. Cappaert (R-Ind.), administration spokesman on housing, said he would ask that Eisenhower's program be substituted for the committee figure, but advocates of the lower figure conceded they were not too hopeful. They were beaten last year on an identical move 44-38.

Other major features of the bill would:

Liberate credit terms for private housing for elderly persons, with FHA insurance up to 100 per cent of the loans, permission for cosigners on notes, and down payments as low as \$200.

Provide 75,000 public housing rental units for the elderly over a five-year period, in addition to the regular units.

Raise the ceiling on FHA home improvement loans from \$2,500 to \$3,500 and extend the repayment period from three to five years.

Authorize an additional three billion dollars in FHA home loan insurance to try to keep the home-building industry at a high level.

Provide an additional 100 million dollars in capital grants to cities engaged in slum clearance projects.

Authorize \$50 million dollars of direct government loans for farm home construction in the next five years.

**FIREMEN PRODUCE FIRE**  
TUSCON, Ariz. (AP) — Firemen got burned up while fighting a grass fire near here. So did the fire truck. The smokestacks had to stop working on the burning brush to douse a blaze in a \$10,000 truck, apparently caused by faulty ignition. Damage was estimated at \$2,500.

## DANIELS DENIES HE IS INVOLVED IN GIRL'S DEATH

NEW YORK (AP)—Thomas G. Daniel has testified he did not arrange the bungled abortion which killed 20-year-old Jacqueline Smith in his apartment last Christmas Eve, and also has denied being responsible for her pregnancy.

Daniel, 25, formerly of Warren, Ohio, is accused of manslaughter in the death of Miss Smith, who came here from Lebanon, Pa.

Leo Pijuan, 46, has pleaded guilty to performing the fatal abortion, and told in court of cutting Jacqueline's body in 38 pieces and disposing of them in trash baskets. No trace of the body has ever been found.

Taking the witness stand in General Sessions Court yesterday, Daniel—examined by his attorney, David Siegal—denied responsibility for the pregnancy and death of Miss Smith.

He said he met the girl last June and that she visited his Manhattan apartment alone for the first time the middle of last August. About the latter part of September, Daniel said, Miss Smith

began visiting his apartment regularly.

**Cited Heavy Expense**  
"At the time," Daniel said, "she told me that she was seeing a doctor for some sort of infection she had, and she was going three times a week and had to pay \$15 each visit. She complained to me that she was not making enough money to pay the doctor and to eat and buy clothes."

"I told her ... why not come to my apartment and eat with me because I cooked my own dinner each night and ate alone."

During October, Daniel said, Miss Smith had dinner with him in his flat every night and "occasionally" stayed overnight.

Daniel said he first had intimate relations with the girl last August, but denied having been intimate with her during September or October or any time thereafter.

### Physician Testifies

A physician called as a prosecution witness testified that he had treated Miss Smith for an infection of the cervix in the middle of September and through October and that finally on Nov. 30 the infection cleared up. He said Miss Smith then was 5½ weeks pregnant.

Daniel testified that Miss Smith told him the first week in December that she "was going to have a baby."

"I told her I was rather puzzled how she became pregnant," Daniel testified. "It brought it to her attention that during September and October and November I had no sexual relations with her because she was going to the doctor and that she knew that I hadn't touched her."

Daniel also denied that he ever discussed marriage with Miss Smith.

Daniel said that a friend, at Jackie's request, got "pills" to induce a miscarriage but that the pills did not produce the desired effect.

Daniel said he had known Pi-

juan for nearly a year when he returned to his apartment Christmas Eve and found the male nurse there.

Daniel testified: "He asked me to leave my apartment, but I told him I was staying. I called Jackie aside and I asked her what Pi-

juan was doing there, but I got no response from her."

## SENATOR ASKS UNIQUE PROBE OF MR. WILSON

**By EDWIN B. HAAKINSON**  
WASHINGTON (P)—Sen. Jackson (D-Wash.) proposed today that a Senate subcommittee find out if Secretary of Defense Wilson is attempting "thought control" over leading military leaders.

Jackson, a frequent critic of administration defense policies, alluded to a statement by Wilson about the row between Army, Air Force and Navy officials over rival missile programs and defense missions.

Asked by newsmen Tuesday what steps he planned to take, Wilson told newsmen: "We'll see who sticks their head up next. I think it might be a little dangerous."

Jackson termed this "a terrible thing to say," and added: "Thought control, that's what it is. Our committee should look into what he means by that statement."

He referred to an Armed Services subcommittee, headed by Sen. Symington (D-Mo.), which has been inquiring into the relative air strength of the United States and Russia. Symington has said he intends to broaden it to look into the interservice disagreement and perhaps try to fix basic missions for the services.

President Eisenhower, previously described by Wilson as a bit unhappy over the latest outbreak, said yesterday "I would be frightened indeed" if there were no service rivalries, especially at a time when new military concepts are developing rapidly.

"The only thing in which you might say that I was unhappy is that sometimes the way in which these arguments are conducted," he told a news conference.

## IT JUST DOESN'T PAY TO BE NEAT

SYRACUSE, N.Y. (P)—P. Wilson Schiller, a Syracuse University official, was disturbed at the appearance of an old car overturned on the street in front of the Theta Phi house.

So he asked the Phi Gamma Delta boys, who had done the deed to the rival Betas, to please right the jalopy and move it into the driveway.

The Phi Gams obliged. But nobody remembered to set the brakes.

The vehicle rolled backward out of the driveway—and smashed into Schiller's car.

## HENRY FLUCK IS MAJOR GENERAL OF PENNA. GUARD

HARRISBURG (P)—Henry K. Fluck, commanding general of the 18th Infantry Division, has been designated a major general of the Pennsylvania National Guard by Gov. Leader.

The Somerset native had been nominated for the rank a week ago but the Senate failed to confirm the appointment.

Fluck was first designated division commander and major general by former Gov. Fine on June 29, 1954. Such a post requires Senate confirmation but the Legislature was not in session that year.

Under the Pennsylvania Constitution, his original appointment expired at the close of the 1955 legislative session thus necessitating the re-appointment yesterday.

## REPORT RUSSIA WOULD WELCOME U.S. STAFF VISIT

NEW YORK (P)—The Daily News said today in a copyrighted story that "Russia has sent word secretly to Washington that it would welcome a visit by the entire U.S. Joint Chiefs of Staff for an inspection of the Soviet armed services."

The story, under the byline of Peter Wallenberg, quoted United Nations sources that "the invitation . . . may be formally issued soon."

The story said "the invitation to the Joint Chiefs could . . . be considered a Russian overture to arrange a long-sought invitation for Soviet chief Nikita Khrushchev and Premier Nikolai Bulganin to visit the United States."

Claim Soviet Source

The News said its U.S. source could not learn "precisely what the Joint Chiefs would be permitted to inspect and whether this would be the first step in a Soviet acceptance of President Eisenhower's proposed 'open sky' disarmament inspection—or whether it would steal the play from Ike's plan by opening up an entirely new avenue of inspection of arms."

The U.N. source, the News said, obtained the information from a "Soviet informant" who insisted on the term "armed services" in the reported invitation.

In Washington, the News said, a Pentagon source gave this com-

ment:

"We have heard nothing of these operations but obviously the Defense Department is interested. But more obviously, this matter is of such magnitude that it can only be determined at the White House."

## PRESBYTERIAN CHURCH BEGINS 7-DAY SESSION

### On The U.S. Political Front

By THE ASSOCIATED PRESS

Sen. Estes Kefauver has made a campaign issue of Adlai Stevenson's 1951 veto of a pension bill while he was governor of Illinois. And Stevenson has accused Kefauver supporters of circulating "scurrilous literature" against him.

The pension issue could have considerable impact on the outcome of the Florida Democratic presidential primary next Tuesday and the California primary June 5 — both important preconvention tests of the relative strength of Kefauver and Stevenson with the voters. Both states have sizable populations of retired persons.

At the same time, Howard Pyle, one of President Eisenhower's assistants, ran into a strong protest from Walter Reuther, president of the United Auto Workers, for saying in unemployment-beset Detroit that "the right to suffer is one of the joys of a free economy." Last night, Pyle got out a statement apologizing for the remark, made to newsmen Monday.

#### Cordiality Gone

As the Florida primary drew closer, the rival candidates for the Democratic presidential nomination shed the cordiality that marked their joint appearance last Monday night on a radio-TV discussion of campaign issues.

At Cocoa, Fla., Kefauver said in a street corner talk that "as governor, Mr. Stevenson vetoed a bill that would have raised old age assistance by 10 per cent." Soon afterward, Kefauver added, the Illinois Public Aid Commission cut pensions by 10 per cent.

Stevenson's Florida campaign chairman, Rep. Robert Sikes, said the pension bill Stevenson rejected wouldn't have provided "one single cent more" for Illinois old age pensioners. Stevenson had been forced to veto pension and other bills because the Republican Legislature provided no money to finance them.

In Jacksonville, Stevenson said that during his administration as governor, Illinois old age pensions were boosted by 18 per cent.

"Frankly," he added, "I am a

involuntary discrimination and segregation because of race are denials of human worth and are contrary to the will of God."

At a mammoth pre-assembly rally in convention hall last night, Dr. Billy Graham strongly urged that the church take a firm stand on "such vital issues as segregation."

#### Would Unite 3 Millions

The two groups attempted a merger with the Presbyterian Church in the U.S.A. with a southern branch, but the latter last year rejected the proposal. The other two then decided to go ahead on their own.

The new denomination would be identified as the United Presbyterian Church in the U.S.A. with a combined membership of three million. The presbyteries and general assemblies of both branches would have to give the plan their approval. The general assemblies of the two churches would be merged at a meeting in Pittsburgh in 1958.

#### Hear Billy Graham

The budget will be placed before the general assembly tomorrow.

The department of social education and action plans to ask the assembly to reaffirm "its unshakable conviction that all forms of

little resentful of critical and scurrilous literature being circulated by Kefauver supporters, perhaps without the knowledge of the senator . . .

Stevenson said this material was distributed "widely" in California and now is showing up in Florida. Kefauver forces of handing out pamphlets which he said contain "distortions, untruths and half-truths" about the 1951 pension bill veto.

Stevenson last night won the formal support of five more Florida Democratic congressmen, who signed a statement saying they believe the former Illinois governor "most closely represents the views of the citizens of Florida." This puts six of the state's seven U.S. representatives in Stevenson's corner. The seventh, Rep. Rogers, has not announced his position.

U. S. President Johnson was impeached by the House and acquitted by the Senate.

## REJECT REPORT ON COMMUNION

BUCK HILL FALLS, Pa. (AP) — The Evangelical Lutheran Ministerium of Pennsylvania was expected to act today on a proposal to reorganize into districts of from 12 to 30 parishes.

The Rev. William O. Moyer

proposed the reorganization yesterday, noting that the present organization of seven districts includes some of as many as 100 congregations.

The Rev. Mr. Moyer's proposal would have each district supervised by a dean—a pastor within the unit.

In a surprise action, delegates refused to approve a report by the subcommittee on Holy Communion and its uses. Following lengthy

and heated debate, the report was referred to a special committee of representative pastors. They will study it and report their findings at the ministerium's next convention.

Dr. Charles M. Cooper, ministerium president, had said at an earlier meeting that pastors who deviated from accepted practices in administration of Holy Communion definitely would not be punished. He asserted Holy Communion and its uses "are not legislative but rather a guide to pastors and church council."

## THOSE ILL WITH TB SPREAD IT TO 80,000 YEARLY

**NEW YORK (P)** — People sick with TB, but not in hospitals pass TB to at least 80,000 other persons a year, a health official said today.

These patients are the most important problems now in tuberculosis control, said Dr. Edward X. Mikol, general director of tuberculosis hospitals, New York State Department of Health, Albany.

Mikol, in an address prepared for the National Tuberculosis Assn., discussed a U.S. Public Health Service report showing that 45 per cent of TB patients are not hospitalized.

### 87 In Advance Stages

This study finds 87 per cent of the nonhospitalized patients are in advanced stages of TB. Half are 45 or older. Above age 35, there are twice as many men as women—series of 684.

en with TB but not hospitalized. A main implication is that it is "certainly the unhospitalized tuberculosis cases, both the known and unknown, that produce the 80,000 new cases reported each year in this country."

Mikol said the problem calls for more efforts to find and treat persons with TB, particularly in areas, such as poorer economic sections of cities, where they are more prevalent.

## OFFER EVIDENCE OF \$30,000 IN ARMY KICKBACKS

WASHINGTON (P) — The Senate Investigations subcommittee put in evidence Wednesday a Briton's statement that he was told \$30,000 of "kickbacks" on an Air Force contract would be used to "pay off" an army officer.

The statement by John Wilson Roberts of Sandy Point, Abaco, the Bahamas, named Sol Schlesinger, owner of the Ideal Uniform Cap Co. in Freeport, N.Y., as the man who got the kickbacks. It quoted Schlesinger as saying the money would be used as a "pay-off" to Col. Louis H. Shirley of the Army, a military procurement officer in the early 1950s.

The subcommittee sought additional details from a pretty young Washington model, Mrs. Pat Roberts, former wife of John Wilson Roberts.

### Reopen Inquiry

She was summoned as a witness in what Robert F. Kennedy, subcommittee counsel, called a re-opening of last year's inquiry in which the subcommittee made charges of bribery in the handling of some big military uniform cap contracts.

He said he was present when

## Orrtanna

ROBERTS reportedly told her about the alleged transactions at the time. Committee aides said Roberts' statement, given to investigators, was not sworn because he and his present wife live in an isolated island community where no notary was available to administer an oath.

"I never met Col. Shirley, nor did I ever see Sol Schlesinger make any payments to him," Roberts' statement said.

### Deny Bribe

Shirley and Schlesinger both swore on June 23, 1955, that no bribe ever had passed between them. Schlesinger invoked Fifth Amendment protection against possible self-incrimination in refusing to tell the subcommittee about many other aspects of his military cap contracts. He subsequently was barred from getting further business from the government.

Roberts said the alleged kickbacks were paid to Schlesinger by Miss Jane Mackey of J. Mackey & Son Inc., New York City. He said she had a subcontract to provide the leather visors for uniform caps Schlesinger was producing under an Air Force contract supervised by Shirley.

Roberts said Miss Mackey told him she had to kick back to Schlesinger 12 cents of the money she received for each visor. He said he was present when

Schlesinger received one "kick-back" check from Miss Mackey, and heard Schlesinger say he "had to give the cash to Col. Shirley."

Managed Department  
Roberts, a British subject, said he was manager of the Mackey firm's shoe department at the time. He said the firm later ran into financial difficulties, and he telephoned Schlesinger, demanding return of the money he said Miss Mackey had paid.

Schlesinger, the statement said, "became very rude" and rejected the demand with a warning that "nobody can touch me."

Roberts did not state specifically when the alleged kickbacks were paid, except that it was prior to Roberts' resignation from the Mackey firm about mid-1952.

## TCU IS LOADED WITH VETS FOR 1956 CAMPAIGN

FORT WORTH, Tex. (AP) — Texas Christian is so loaded with veteran football players that Coach Abe Martin isn't even trying to get his team off the spot. He admits that the Horned Frogs will be favorites for the Southwest Conference championship and he's telling the boys they should try to live up to their reputation.

Spring training in the home of the defending conference champions has merely accentuated just how awesome the Frogs should be next season. There were 25 lettermen working out and another one — Jim Swink, All-American half-back — played basketball.

### Dike Recovered

One of the returning lettermen is a fellow who skipped a season and a half. He is Avid (Buddy) Dike, a rip-roaring fullback in 1954 until he suffered a fractured kidney in mid-season. He was in a hospital in a serious condition for weeks and decided to pass up football last season.

But now he's back and they think he'll improve the TCU team by about 10 per cent.

Dike was strong on defense as well as being TCU's No. 1 offensive threat in 1954. But when he went out with the kidney injury, TCU began to exploit Swink. Jim improved with every game and last

### Colorado Boasts Of Swank Meteorology

DENVER (AP) — This Colorado capital's fanciest weather-and-time tower has gone into operation atop the National Farmers' Union new 14-story building on Capitol Hill.

The tower contains a 2,000 watt beacon light with red or green plastic sleeves which slide over the light. If the light shines green, the weather will be fair. Red signals bad weather coming.

Four time clocks at the tower's base work from an electronically corrected time machine. Four temperature clocks flash the mercury levels here.

There are banks of white neon tubes, each five feet long, running up the tower. If the temperature is rising, the upper portion of the tower is lighted. If the temperature is dropping, the lower banks light.

year was All-American as he led the ground-gainers in every contest.

Swink's record and his All-American standing in 1956 will make him the conference's most "tightly-defended" individual in years. Thus an extraordinary opportunity is set up for the team's fullback. If Dike regains his old form, he can make stopping Swink a costly operation.

By the same token, Dike's threat could enable Swink to run even wilder.

MOUND CITY, S. D. (AP) — Inflation has overtaken the price of gopher tails. Campbell County commissioners doubled the bounty to hunters. It's now four cents.

## Washington News Letter

By Jane Eads

WASHINGTON (AP) — Despite

of politicking ahead, the Simpsons were eager to get settled at last. Rep. Simpson is national chairman of the Republican National Congressional Campaign Committee. His wife, who hails from Seattle and has always been interested in politics, is national membership chairman of the National Federation of Republican Women as well as first vice president of the Congressional Club of lawmakers' wives here.

WASHINGTON (AP) — Some idea of what might happen if women should take over and nominate one of their own sex for the presidency was demonstrated in a spoof that members of the Woman's National Democratic Club here cooked up in a "powder-filled room."

The Simpsons were married in 1948. They met while Mrs. Simpson, a widow with three sons, James Cox, now 21, Edward, 16, and Joe, 10-plus, was visiting a sister here. The congressman, a widower, has two daughters, Susan, 24, and Barbara, 23.

### Simple Addition

"We fell in love, put two families together, had one of our own Kay, now 4-plus, and all lived happily ever after," Mrs. Simpson explained.

"They're all ages and each is interested in the other. It's a fine family." Only young Joe, the "athlete of the family," and little Kay are at home with their parents now, but the others join them in gala reunions on vacations and holidays. It may be in Washington, if Congress is in session, or it may be in the big three-story Pennsylvania stone house at Huntingdon, their real home. James Cox is a second classman now at the Naval Academy at Annapolis, and Edward is a cadet at Staunton (Va.) Military Academy. Susan is alumna secretary at Penn Hall Junior College at Chambersburg, Pa., and her sister Barbara is working for her master's degree in finance and economics at the University of Pennsylvania.

### Purchase Home

After trying apartment dwelling

and living in rented houses and

hearing friends ask "just what is your address now?" the Simpsons finally bought a residence here. With prospects for a busy summer

administration distinguished by "big thinking," that since these are troublesome and changing times and "men are washing the dishes — the cowards — while women are washing the flying saucers," it's the opportune time for the women to take over . . . and an opportunity to trade in the second sex for a full partnership."

Jenny offered a platform of "joint bank accounts, no bookkeeping, dollars divided in the middle, overtime for housework, conversation unlimited, etc., etc."

### Please "Helplessness"

Jenny's treasury secretary said

the sat. she carried "will do away with Fort Knox — I will carry the gold around with me, and I intend to be generous with it."

Helplessness was the motto of the sweet and pretty secretary of defense. "Self defense is a girl's best friend," she said. The secretary of

agriculture promised that "if a program doesn't work after two days — we'll try something else." The secretary of labor promised "two garages for every Cadillac" and would solve all future unemployment problems by teaching people to trade in the second sex for a full partnership."

Instead of a secretary of state, Jenny appointed a secretary of space, "for really hasn't the secretary of state been in the air in many ways?"

PHILADELPHIA (AP) — Free aspirin is being offered at the branch offices of a Philadelphia bank. The tablets appear on the counters with this sign: "For financial headaches — Take a personal loan."

## RED CAMPAIGN HAS EFFECTS IN U. S. CONGRESS

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP) — The Russians' campaign to look peaceful is having an effect in Congress—although Secretary of State Dulles seems to dread the thought anyone will believe them.

No matter how sincere the Russians are, their efforts are aimed at getting results either directly or indirectly. In the case of Congress the result was indirect.

On Tuesday — nine days after Moscow said it would reduce its armed forces by 1,200,000 men—the House Foreign Affairs Committee voted to cut \$1,100,000,000 from President Eisenhower's requested \$4,900,000,000 foreign aid program. That isn't final — both the House and Senate will act later.

**Cites Some Reasons**  
One billion dollars of the chopped money would have been for military help to American allies and friends, the rest for economic aid.

One of the reasons for the committee vote was given by the chairman, Rep. Richard (D-SC) — "seeming lack of interest" in France toward Allied military preparations and a trend in Britain toward reduction of the total British defense program. He gave other reasons: such as the seven billion dollars left over from money previously voted for foreign aid.

A year ago Dulles had publicly stated he was afraid any general belief in Russia's peace campaign would weaken the desire of this country's allies to stay armed and Congress' desire to vote foreign aid funds.

**Threw Cold Water**

He threw cold water on the Russians' announcement of their military cut last week. He was busy doing the same Tuesday just about

## Cut Insurance Rates On Women Drivers

OLYMPIA, Wash. (AP) — What's this about women drivers?

Insurance companies have given a new lift to their reputations. Insurance rates for women drivers under 25 years of age have been cut 10 to 25 per cent in Washington. They now get the same rate as older and supposedly more dependable drivers. Men under 25 still have to pay premium rates.

At the time the committee was making up its minds Eisenhower didn't need all the aid money he had to try to be a jockey.

He bought a standardbred filly and rode her for practice. Then he came to the United States to work for Trainer William Zako.

### SEEK FASTER GAMES

WILLIAMSPORT, Pa. (AP) — Directors of the Eastern League are attempting to streamline their baseball games this season. Managers and umpires have been instructed to make the players hustle on and off the field to eliminate long, drawn out games. It is mandatory for a batter wearing a helmet to keep it with him until he returns to the dugout.

### BREAK INTO JAIL

TECUMSEH, Mich. (AP) — Police said that after the empty jail was locked up tight, three former prisoners broke in looking for a bottle of cognac officers confiscated from them and were caught leaving with:

One police radio, a clock calendar, several keys, a stapling machine and a .32 caliber cartridge loader, but no cognac.

**Voiselle Broke In On Crackers**

RICHMOND, Va. — Bill Voiselle, the New York Giant pitcher of a few years ago who now hurls in relief for the International League Richmond Virginians, got \$150 when he signed in 1938 as a high school star near his present home at Ninety-Six, S. C.

"They gave me \$150," Bill says. "and promised me another \$150 if I stayed 30 days. They were afraid I would get homesick."

"They sent me to Moultrie, Ga. First time I had ever been away from home, and when I got there, the manager gave me a letter and told me to show it to the people at the restaurant."

"I didn't know too much about restaurants, so I would just go to the drug store and get me a couple of packages of crackers and something to drink."

"The manager finally saw I was getting a little peaked and got one of the other boys to take me to the restaurant. All I had to do to get something to eat was show 'em the letter."

**DRAINAGE WELL**

LEXINGTON, Ky. — Residents have finished drilling a well in the middle of a street in their neighborhood. It wasn't that they needed water, they needed a drainage hole to get rid of surface water.

**BUY BRINGS BONUS** — This buffalo cow was purchased by Kip Hale as a promotion stunt in suburban Minneapolis, and paid a dividend last month with birth of a calf.

Appetizer kabobs? Thread cheddar cheese cubes, wedges of small tomatoes and chunks of cucumber on small skewers.

**PITCHING TIPS**

(The following was written especially for *TM* newscasters by Whitey Ford, star southpaw of the New York Yankees.)

**By Whitey Ford**

About the middle of last season I came up with a sinker pitch. I had it before but I never had the courage to use it.

It's thrown with an overhand motion. I hold one finger of ball instead of the convenient two fingers. I hold my left index finger on the seam.

It was my best pitch during the World Series. It helped me win the first game and the sixth game. It's a hard pitch for the batter to pull. Often the batter will hit the sinker on the ground.

I got the pitch about three years ago while working on the sidelines. I was just experimenting. I could see it dip a little, but it was nothing like the sinker Clem Labine showed us in the World Series.

I throw a slow curve and a fast curve. You might call it, change of speed pitching. I throw a slow curve once in a while to keep the hitters off stride.

After you learn control it's time to learn change of speed. And if I were starting out I wouldn't fool with the one-finger grip that I use for the sinker. Get your control first, then you can experiment all you want.

**TRAFFIC LESSON**

ST. JOSEPH, Mo. — Brought before Magistrate Margaret Young on a traffic violation, a motorist from a small northwest Missouri town startled the court by insisting

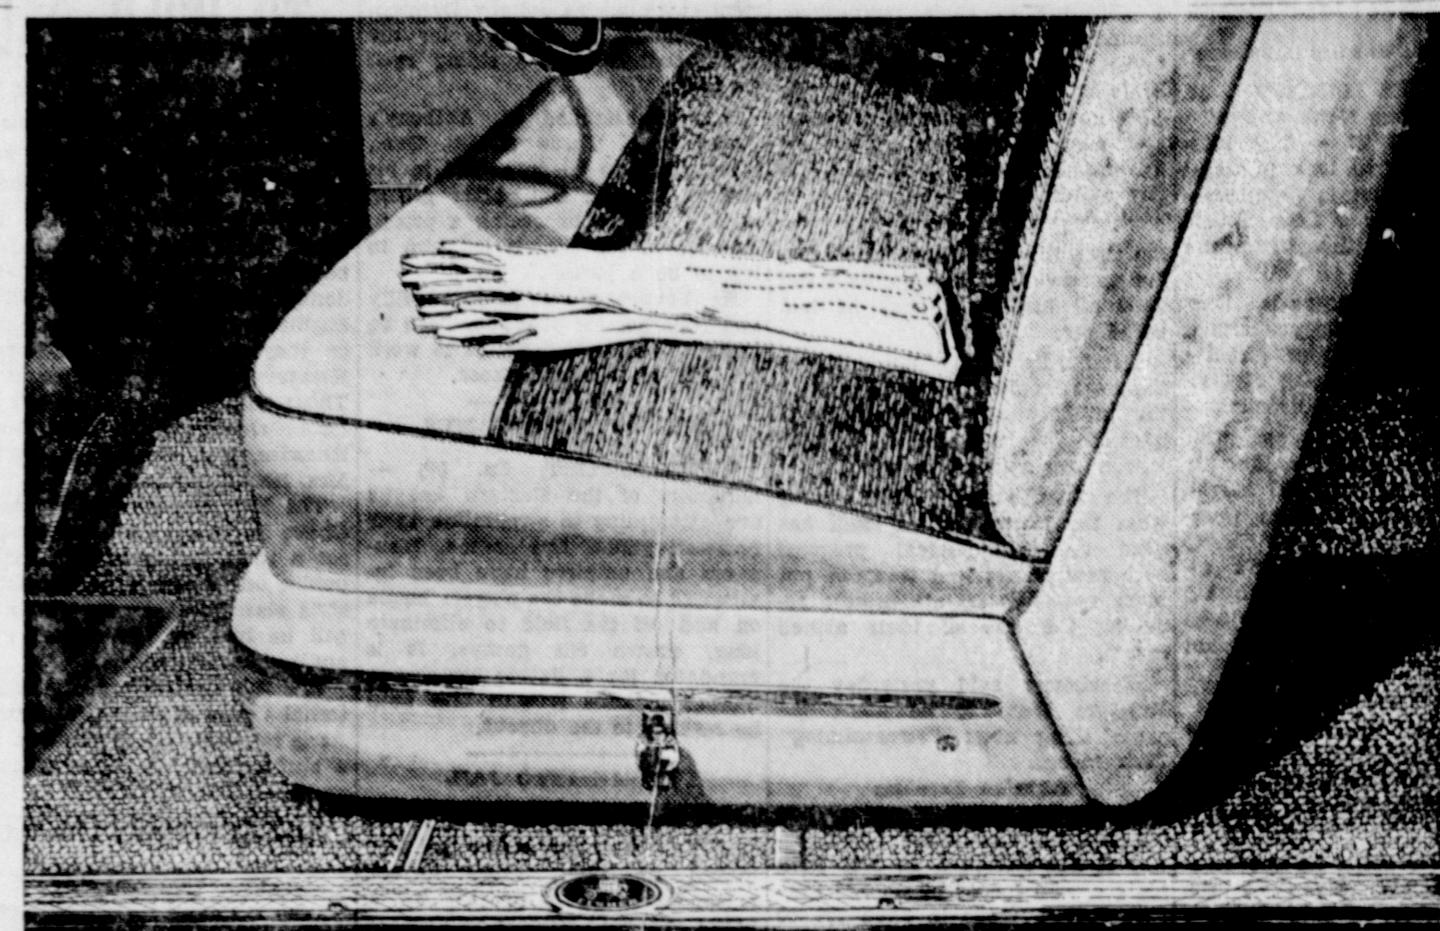

that a red traffic light doesn't mean "stop" — only "caution."

What's more, in all his 40 years of driving he'd never thought otherwise, he said. The man paid a \$15 fine and received a lengthy black-

board lecture from highway patrolmen.

**GUNS TO WHEELBARROWS**  
TOMBSTONE, Ariz. — This old gunfighter town's restoration

project suffered a setback when someone hauled off a 200-pound coin box holding only a few coins. Police also reported the city works department had a wheelbarrow stolen.

## Washington News Letter

By Jane Eads

**WASHINGTON** — Peppery Virginia-born Lady Astor, on her annual visit to the United States from Great Britain, where she was a former member of the House of Commons, was a guest at a tea given by Mrs. Sherman Adams, wife of President Eisenhower's top assistant.

After being introduced to Mrs. Adams' other guests, many of them wives of Republican bigwigs, she said in her characteristically candid fashion, "It's scandalous to be with all these Republicans. I'm a Democrat."

However on one occasion during her Washington sojourn she visited at the White House with President Eisenhower and remarked that "everybody in the world is rejoicing over his decision to run again." She added that "Eisenhower had to have the Democrats, you know. He couldn't have a foreign policy if it weren't for the Democrats." She went on to say she was for Eisenhower as "long as he can stand it — but thank God, he's supported by the Democrats" and that she's sure he will be elected "if Virginia backs him."

On one of her former visits Lady Astor announced she doesn't care what people think about her. "It's what I think about them that counts," she told wives of the nation's lawmakers. Then she went on to say what she thought about their husbands. The average politician, she said, is far better than the man who sits at home and criticizes him.

**Seventh "Unwanted" Child**

Lady Astor revealed that her mother was married at 16 and said she didn't want children. "She had 11, of which I was the seventh unwanted," she said.

One of the five beautiful Langhorne sisters of Virginia, she is now in her mid-70s, but looks years younger, is still trim, erect, spirited. Married at 18 to Robert Gould Shaw, she was divorced six years later and took her son to England where in 1906 she married

**SMOKE, CLOUDS AND SNOW** — Snow-covered Mt. Shishaldin, one of Alaska's active volcanoes, sends a white hot plume of smoke into frozen air above a field of billowy clouds.

Viscount Waldorf Astor, conservative member of parliament. They had four sons and a daughter and now live at Cliveden, a country estate near Plymouth, Lady Astor was Plymouth's member of the House of Commons for 25 years until 1945.

Lady Astor, in her rather rambling fashion, likes to tell a joke or two, but off the record. She denies she's a Socialist. "I loathe them," she asserted, "but I'm for social reforms." She also says she's "tired of people who forget that America's foundations came from England."

### CLIPS EXPENSES

MIAMI, Ariz. (AP) — Jerry Landis, Miami city clerk, has discovered a novel way to cut expenses. Nine years on the job, Landis has never bought a paper clip. He just takes them off papers that are sent to him, pops them in a drawer, and always has plenty on hand.

### UNIVERSITY VILLAGE

EAST LANSING, Mich. (AP) — Michigan State University has one of the largest married student populations among American colleges and universities. Its recently completed University Village, a modern permanent apartment community, is home for some 450 student couples.

### PRISON ALIBI

PHOENIX, Ariz. (AP) — A robbery victim identified a picture as that of a gunman who held up his market, but the man had a perfect alibi.

The "gunman" was about 50 miles away at the time of the hold-up, in Arizona State Prison.

### GOOD VISION!

PAW PAW, Mich. (AP) — The license plates on Dr. Arnold Preib's car would make any of his fellow optometrists happy. The number: SN 20-20.

### INFLATION NOTE

RICHMOND, Va. (AP) — A private room and board for six days in a hospital for \$10.50 is pretty reasonable by present day standards. So is a bill for 20 cents for medicine for the same period. These modest sums is the reason St. Luke's Hospital has the bills posted in the lobby — paid by a Mrs. Bonham on July 26, 1892.

### SEALED THEFT

MT. OLIVET, Ky. (AP) — The county clerk's office has no gadget for putting the official seal on documents. It was the only thing stolen during a break-in.

### MIXED DRINKS

SANTA FE, N. M. (AP) — Burglars who broke into the Pink Garter Saloon made off with one bottle each of 22 different domestic and foreign brands of liquor, plus \$50 cash.

### GIVE-AWAY

PORLTAND, Maine (AP) — A breakfast food promotion of 54 years ago is still making headaches for local tax officials. The breakfast food firm gave away house lots to users of its products.

The lots were laid out on a 300 acre tract without benefit of either sewage or water. The lots were sizes 20 x 50 and 30 x 50, mostly the former, too small for houses. Streets were laid out only 16 feet wide.

Newspaper advertisements billed the area as within 25 minutes of City Hall and only 10 minutes from the trolley cars — just right for commuters.

However, few commuted or even built. Over the years, the lots were returned to the city as tax problems and some are still coming in.

The city fathers have decided it is wiser to wait until all are before putting the property up for sale — and in the meantime, Portland has problems of taxless property.

Whatever good the promotion did for the company, it didn't do it for the land values. As Robert E. Jensen of Westbrook, part owner of 169 lots, said, "The land's not worth any more now than it was then."

He gave his land back to the city, too.

### TURN ABOUT

RICHMOND, Va. (AP) — Some 600 school teachers are visiting local businesses in groups of 10 or 12. They hear business problems from top management.

Later the business men will visit the schools with the teachers as hosts.

The visits were arranged by the Chamber of Commerce and the League of Richmond Teachers.

### NO JOB FOR FATHER

ROANOKE, Va. (AP) — Earl Smith's one-day job as city airport manager during Roanoke student government day didn't last a day. Smith, a senior at Lucy Addison high school, had to resign shortly after his term got started. His wife gave birth to a girl.

### LUCKY CLOVER

SANDSTON, Va. (AP) — Mrs. W. R. Pritchett found 18 four-leaf clovers, five six-leaf and two five-leaf on her lawn which should have brought enough luck for one day. They didn't though. After her clover gathering Mrs. Pritchett began her housework and promptly fell through a first floor window she was wasting into a prize tulip bed. Main damage was to her belief that multi-leaf clovers have anything to do with good luck.

### JAIL BREAK IN FAILS

PHOENIX, Ariz. (AP) — Tony Mendoza, 42, got into trouble with police for sneaking into jail. The trouble was that he sneaked out in the first place.

Jailer Jim Bennett said Mendoza, a trusky, sneaked out and got drunk, then tried to crawl back in. He first got into jail for sneaking away from police compound where he was being held overnight.

### LOST FAITH

SAN DIEGO, Calif. (AP) — Harold P. Curtis, attorney, told the court that his client had paid him with a bogus check.

"You've lost faith in him?" the judge asked.

"Yes," Curtis replied.

The defendant accepted a court appointed attorney to replace Curtis.

### DISARMAMENT LAW

BENTON, KY. (AP) — The City Council has passed an ordinance setting a \$5 fine on shooting, firing or squirting a water pistol inside the city limits. A \$25 fine also will be levied for selling a water pistol.

### OUT FOR BLOOD

MIAMI BEACH, Fla. (AP) — Judge Albert Saperstein of the Miami Beach traffic court will accept donation of a pint of blood to a blood bank as full or partial payment of a traffic fine.

"We may be taking revenue away from the city but we're fulfilling a responsibility to the community," he says.

NEW BRITAIN, Conn. (AP) — Nicholas Sabbath was fined \$102 when while drunk on Sunday.

he was found guilty of driving while drunk on Sunday.

The sun rises at six o'clock in the morning and sets punctually at six in the evening every day of the year in Quito, Ecuador. High in the Andes, 9,248 feet above sea level, and practically on the equator, this lofty capital has an average temperature of 55 degrees every month of the year except August and September, when it climbs to 56 degrees. Probably the largest collec-

tion of weapons and firearms in the world belongs to Senor Miguel Mujica, president of the Club Nacional in Lima, Peru. His priceless collection contains over 7,000 rare pistols, rifles, knives, swords and other armaments dating back to the Spanish Conquistadores and takes up five large rooms in Senor Mujica's mansion on the outskirts of Lima.

Twenty-one Pennsylvania attorneys comprise the list of 50-year members of the Pennsylvania Bar Association who will be honored at the association's summer meeting at Spring Lake, N. J., in June. Mrs. Barbara Lutz, executive secretary, announced today.

Included in that number are two attorneys who have been

members of the association for 61 years, or since the establishment of the Pennsylvania Bar Association in 1855; one who has been a member for 59 years; two, for 57 years; one, 55 years; five, 54 years; two, 53 years; five, 52 years; and three, an even 30 years.

When's the last time you inspected the family medicine chest? If you take a minute to take a look, you will probably find half-empty medicine bottles that should have been thrown out months ago, rusty razor blades and other miscellaneous items that have been long forgotten. For safety's sake, clean it out and, at the same time, make sure you have stocked the basic necessities that are needed to protect your family — iodine and first aid bandages, eye drops, smelling salts and salve for treating household burns

... but more important than anything else make a careful check of anything you may have that is poisonous, not properly labeled or something that may be injurious or fatal to children.

The best preventive medicine a mother can put her faith in is the hearty and frequent application of soap and water. Such small surfaces as chubby hands can transmit germs that range from the common cold to diphtheria.

A primary lesson in Safety First is personal cleanliness — one that can and must be taught to youngster at an early age. The daily tub bath, faithful hand-washing before meals and after bathroom duties, an after-school scrub-up — these are the important health rules that should be instilled in children.

## Wedding

Nusbaum—Motter

Miss Thelma Virginia Motter, daughter of Mr. and Mrs. Clarence J. Motter, near Taneytown, became the bride of Dr. Edmund Nusbaum, son of Mr. and Mrs. Edmund J. Nusbaum, Taneytown, Saturday morning at 10:30 o'clock in the Keysville Evangelical Lutheran Church, Taneytown.

The Rev. Dixon A. Yaste, pastor of the bride, officiated at the double-ring ceremony in the presence of the immediate families.

The bride wore a princess style gown of white imported French Chantilly lace over sliver satin. Her elbow-length veil of French illusion was attached to a matching headpiece of lace and satin. She carried a white beaded Bible, a gift of the bridegroom, topped with a baby white orchid and pink sweetheart roses arranged in the form of a cross. Both gowns were made by the bride.

The newlyweds left afterwards on a honeymoon of unannounced destination. Upon their return they will live in a apartment on E. Baltimore St., Taneytown.

They are both 1955 graduates of the Taneytown High School. The bride is employed as a secretary to E. E. Stuller, building contractor. Her husband, who is attending a business college in York, is em-

## SPECIALTY CHICKENS WIN

CHAMPAIGN, Ill. (UPI) — Commercial broiler plants produce young poultry so efficiently that fryer production no longer is profitable for the average farmer, says D. J. Bray, University of Illinois poultry specialist.

The commercial broiler producer has a large volume of uniform birds available which command a higher price. On the other hand, market prices for farm fryers are low because there isn't a well established market for them. Buyers discriminate against them because they come in small numbers and vary in size and quality.

## ACCIDENT SWITCH

SPRINGFIELD, Mo. (UPI) — Robert B. Toler, 55, railroad engineer, was enroute to take over switch engine No. 238 when his automobile piled into a locomotive at a crossing. Toler was injured by the engine that feeds him — No. 238.

## ELECTRIC LEGS

KALAMAZOO, Mich. (UPI) — Paul Dadiroff, a 10-year-old polio victim, has found new legs in little battery-driven electric cart.

Paul also drives around his brother Bobbie, 4, also crippled by polio, in the three-wheeled cart patterned after those used in factories to carry parts.

Employed part time by his father at the canning factory.

## Farmers Ask Help In Fighting Blackbirds

TOLEDO, Ohio (UPI) — Farmers near the marshy shores of Western Lake Erie are asking Uncle Sam to help in their war with the crafty blackbird.

Farmers say "black clouds" of the birds in the last three years have attacked whole fields of corn and other crops.

"Last year I tried firecrackers," said Carlton Dieffenhaier of Huron. "I spent about \$60 to frighten birds away from 30 acres. I had some success, but every morning you have to get up before the birds and every night be ready when they come back for supper."

TOPEKA, Kan. (UPI) — Roy Parrish takes his tax obligations seriously so seriously that he's getting a whole year's living at taxpayers' expense.

The 27-year-old dishwasher was sentenced to the term for wounding a hotel clerk with a butcher knife in a holdup attempt. Parrish said he needed the money to pay his federal income tax.

CHAPEL HILL, N. C. (UPI) — North Carolina suffered a double loss when freshman David Coates withdrew from school this spring. Coates was a fine tackle in football and one of the most promising shot-putters in this area.

CABLE BRINGS TROUBLE TRENTON, Ill. (UPI) — Emery Weddel, who drove his tractor-trailer truck into a ditch in a heavy fog, tried to get it back on the road by stretching a steel cable from a winch on the truck across the busy highway to a tree.

Another big truck smashed into the steel cable and snatched Eddie truck back onto the highway, where it jack-knifed and overturned. A car then plowed into the wreckage. Two other trucks took to a ditch to avoid the pileup. No one was seriously hurt.

## TRAVELING PIANO

ST. LOUIS (UPI) — Composer Lukas Foss didn't like the concert grand piano provided for his solo performance with the St. Louis Symphony Orchestra.

A piano company rushed another from Belleville, Ill., 30 miles away. Foss tried it out but said he preferred the first piano after all.

The company moved the second piano back to Belleville at its own expense. "It happens all the time," a company official sighed.

## A STRONG HOLD

BLACKSBURG, Va. (UPI) — Virginia Tech's wrestling team has completed its second undefeated season in a row. The Techmen have won 16 straight dual meet matches and two successive Southern Conference wrestling championships.

# SHOW PRODUCER IS EXPERT IN CRIMINOLOGY

By CYNTHIA LOWRY  
The Associated Press

After 12 years of constant association with the worst characters of crime's underground, blonde, blue-eyed Betty Mandeville likes nothing better than to curl up with a good detective story — preferably by one of the urbane British stars like Henry Cecil, Josephine Tey or Dorothy Sayers.

Miss Mandeville, in truth, deals vicariously with wrong-doers in her professional life. For the past dozen years she has been producer-director of a lively radio opus called "The FBI in Peace and War," one of the relatively few programs which has maintained a steadfast and true audience in the face of very expensive television lures — Arthur Godfrey and Robert Young at the moment.

She enjoys her work as broadcasting's sole woman crime expert, particularly whipping together entertaining concoctions in which the intimate workings of a classic or new-winkle swindle can be explored in detail.

"We base all the scripts on real situations," Miss Mandeville explains, "but we fictionalize the flesh we write on the honest bones."

#### Does Research

One of her researchers' job is checking papers, magazines and books for criminal exploits. The situation is discarded, but the method of operation is studied. Each week Miss Mandeville checks through six different embezzlements, bank robberies, swindles or jail breaks. She chooses one which is sent to one of her two script writers for development as a half-hour show.

"All you really have to do is drop any crime into the FBI's lap," she says, "is have the crook cross a state line."

As the announcer carefully states at the end of the program, Miss Mandeville's show carries no endorsement by the Federal Bureau of Investigation. It started, back when TV was in swaddling clothes, by dramatizing some cases related in a book, "The FBI in Peace and War" by Frederick T. Collins. Researchers started finding their own stories after the book had been exhausted as a source.

The show has now won two special awards of the national Exchange Clubs for its work in alerting the general public to criminal operations.

#### Takes Precautions

"But we pay particular attention to children in our audience," she explains. "For instance, if we're dealing with narcotics, we are very careful not to call it by name — we call it 'the stuff.' Naturally, crime doesn't pay and the wrong-doer always gets caught, but we are also careful to show how easy it is to get started on the road to crime. You know, the youngster who starts out stealing a penknife out of a showcase and then showing how it snowballs into really serious crimes."

Miss Mandeville, to her knowledge, has never been set up as a swindler's mark — and would be poor game: She knows all the crimes."

Her life as the presiding brains of the show is pleasant. Her husband, George McGarrett, is the executive producer of Perry Como TV show. With their two-year old daughter, Maureen, and three dachshunds they live in rural Rockland County and Betty does most of her producer job — organizing the script writing, casting, editing and such — at home. On Wednesdays she comes to New York City — an hour by car away — and puts in a full day rehearsing the cast in the evening's show.

## Court Nears End Of Busiest Term

WASHINGTON (AP) — Chief Justice Warren said Wednesday the Supreme Court is winding up its busiest term.

Coupling that report with a plea for a general speed-up in federal legal processes, Warren said the high court will dispose of a record number of cases before its summer recess. None of the cases which have been argued will be carried over to the session opening in October, he said in a speech prepared for the opening session of the four-day annual meeting of the American Law Institute.

#### FRIENDLY STEER

NEW LONDON, Conn. (AP) — Elinor Farrell, 19-year-old equestrienne, is becoming accustomed to the curious stares she attracts while riding about suburban Waterford.

Her steed is a 2-year-old Devon steer, Red Chief, which she trained with the help of a Waterford stockman. Red Chief, Elinor says, is "as friendly a pet as anyone could expect him to be."

## Nagging Backache Sleepless Nights

Nagging backache, headaches, or muscular aches and pains may come on with over-exertion, emotional upsets or days to days stress and strain.
